

Wouldn't it be nice to have updated supply and demand data for all existing FPS in an easily manipulated format any time you need it?

IHS Petrodata FPSbase<sup>SM</sup> is a web-based tool for global floating production systems activity, allows users to track FPSOs, FSOs, Semis, Spars, and TLPs. The comprehensive coverage of FPSbase takes the guesswork out of analyzing historical and future trends and identifying key market opportunities. And, a streaming news feed keeps users abreast of the latest developments in this ever-changing market.

## The FPSbase advantage

Building on a solid base of over 50 years experience, the IHS Petrodata team puts our expertise to work for clients worldwide with:

- Continuous research of the global field development market to bring you news and data updates as they happen
- Constant direct dialogue with operators, construction contractors, shipyards, equipment manufacturers and service companies
- Independent verification of contractual information and technical specifications
- Emphasis on quality data, timely delivery and insightful analysis
- Accurate, independent and impartial data gathered by experienced field development market professionals

## Product Benefits:

The data of FPSbase helps users to:

- Identify new business opportunities
- Save time by using the supply and demand tools
- Spot emerging FPS market trends
- Stay ahead of the market by tracking the global fleet and viewing complete specifications for the units and new projects, lease contract details including day rates, and future FPS demand including tender and contract award dates
- Benchmark performance against that of competitors
- Analyze historic activity levels for the FPS market segment
- Optimize contracting and sales strategies
- Access live, streaming news directly sourced by the IHS Petrodata team

The screenshot displays the FPSbase web application interface. It features a navigation bar with 'Home', 'Market Insight', 'Market', and 'My FPSbase'. The main content area is divided into several sections:

- LATEST NEWS:** Contains headlines such as 'JURONG SHIPYARD WINS WEST JAVA FPSRU CONVERSIONS', 'CHEVRON ISSUES TENDERS FOR BLOCK B DEVELOPMENT OFF VIETNAM', and 'MODERNOTT CONTRACTED FOR JACKST. BUILD'.
- DATABASE:** Includes a 'Vessel and Field Search' section with filters for 'FPSO' and 'Show'. It also features two bar charts: 'FPS Fleet by Type' and 'FPS Fleet by Region'.
- LATEST PROJECT SANCTIONS/CONTRACT AWARDS:** A table listing project details.
 

Type	Project	Field	Operator	Country	Contract Type	Sanction/Award	Single/contract start
Project	Sumatran Offshorement	Sumatra	Chevron	Indonesia	Leased	Apr-2011	May-2012
Contract	Qad 20A (Schwabe) FPSO Replacement	Schwabe	BP	United Kingdom	Contract	Mar-2011	May-2016
Contract	Malacca Strait Rehabilitation (Phase 1a)	Malacca	ExxonMobil	Malaysia	Leased	Jan-2011	Feb-2011
Contract	Jambi	Jambi	ExxonMobil	Malaysia	Leased	Jan-2011	Dec-2011
- UPCOMING TENDERS:** A table listing tender details.
 

Type	Project	Field	Operator	Country	Water Depth	Tender Start	Tender End
Tender	Galaxi	Galaxi	Shell	USA, Gulf of Mexico	2,288	Jul-2011	Dec-2011
Contract	Changshu	Changshu	Harbor City Oil Gas	Angola	4,523	Jul-2011	Nov-2011
Contract	Marina Dr-2014	Marina	Petrobras	Brazil	314	Nov-2011	Nov-2011
Contract	Manaus/Alto	Manaus	Shell	USA, Gulf of Mexico	2,288	Jul-2011	Dec-2011

Field	Project	Type	Field Status	FPS Region	Development Plan	Tender Start Date	Construction Start Date	Construction End Date	Production Start Date	Operator	Water Depth (R)
Cosmos Sud	Cosmos Sud	FPSO	Tendering	Mediterranean/Black Sea	11/10: tendering of key components underway, accelerated procurement process. Start up possible in Q4 2011, but is likely to slip to 2012.	-	29-Apr-2011	20-Jul-2012	20-Jul-2012	Chnook Energy	387
Oyong	Santos Oyong FPSO	FPSO	Tendering	Southeast Asia	11/10: FPSO required for delivery and operation in second quarter 2011. Possible tender against the renewal of the incumbent Shanghai FPSO already stationed in the field.	29-Nov-2010	30-Apr-2011	30-Jun-2011	30-Jun-2011	Santos	147
Banyu Urip	Banyu Urip Oil Project	FPSO	Tendering	Southeast Asia	-	-	01-May-2011	31-May-2013	31-May-2013	ExxonMobil	108
Poleang	Madura Jaya Replacement (From Jul 2011)	FPSO	Tendering	Southeast Asia	-	-	01-May-2011	31-Jul-2011	31-Jul-2011	Kodeco	394

Bream	Bream (Norway)	FPSO	Tendering	Northwest Europe	3/11: Formal concept selection in Q2 2011. Premier says "preferred FPSO identified", believed to be Teekay Petrojarl. 7/10: options such as a wellhead pit, a MOPU or a FPSO are being looked at. Dry-tree solution now seems to be favourite, possibly a VEH	-	04-May-2011	14-Aug-2013	14-Aug-2013	BG	315
Knarr (ex-Jordbaer)	Knarr (ex-Jordbaer)	FPSO	Tendering	Northwest Europe	4/11: PDO approved by Norwegian government. Two joint ventures are bidding to supply a newbuild FPSO: Teekay/Samsung and Sevan/Cosco. Award to be made in mid-April 2011. Capex - USD 1.2 bn, excluding the FPSO lease costs. Start up end 2013.	22-Mar-2010	18-May-2011	16-Dec-2013	16-Dec-2013	BG	1,312
D-1	D-1 Expansion (FPSO)	FPSO	Tendering	Indian Ocean	3/11: Bumi Armada as only qualified bidder for FPSO tender. ONGC likely to tender due to lack of competition.	25-Oct-2010	-	-	-	-	-
Bukit Tua	Bukit Tua	FPSO	Planned	Southeast Asia	02/11: PC Ketapang has put on hold all tendering activities. Operator is revisiting the entire development concept to see if there are cheaper alternatives. 11/10 Pre-qual call of TNE package out, the onshore receiving facility will be bid under a sepa	17-Jan-2011	-	-	-	-	-
Cernambi (Iracema)	Cernambi Pilot (Iracema)	FPSO	Planned	South America	12/10 - Declared commercial 1/11 - Petrobras approved for FPSO tender process. Production capacity of up to 150,000 b/d of oil and approximately 212 scf of natural gas.	-	-	-	-	-	-
Guara Norte	Guara Norte Pilot	FPSO	Planned	South America	Petrobras approved for FPSO tender process. Production -	-	-	-	-	-	-

### What's included?

Updated throughout each business day, FPSbase contains the most comprehensive and accurate current and historic FPS data available today. With a subscription, users have access to:

#### The Industry's Most Extensive and Accurate FPS Database

- Gain a clear picture of this constantly evolving market
- Acquire the data you need with easily customizable searches and standard reports
- Use advanced in-program analytical tools to quickly organise and analyze expansive data sets
- Download the analysis into a spreadsheet format
- Customize the database to deliver the news and data you need, when you need it

#### Daily News on the Global FPS Market

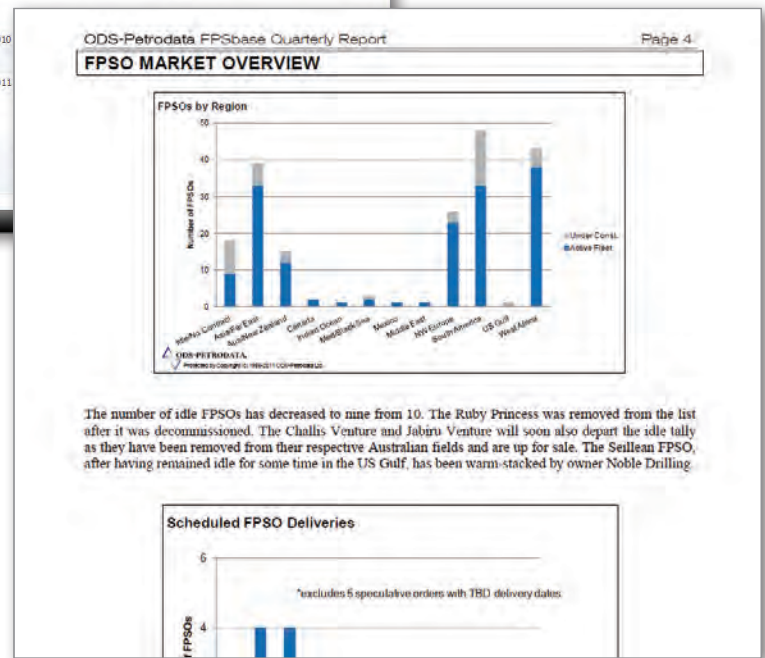

- View real-time news streams from the FPSbase home page
- Create and schedule customized queries to send the news you choose directly to your inbox
- Search online news archives

#### Reports, Analysis, and Forecasts on the Field Development Industry

- Access the FPSbase Quarterly Report, which highlights recent and future FPS trends

#### Interaction with IHS Petrodata Experts

- Engage in dialogue with IHS Petrodata market analysts anytime – discuss the market in general, specific news items, or ask questions about market data
- Receive a timely response to calls or emails from our global staff
