

Report No. 5

VINYL CHLORIDE

by KENNETH E. LUNDE

May 1965

A private report by the

PROCESS ECONOMICS PROGRAM

STANFORD RESEARCH INSTITUTE

MENLO PARK, CALIFORNIA

CONTENTS

I	INTRODUCTION	1
II	SUMMARY	3
III	INDUSTRY STATUS	9
IV	CHEMISTRY OF VINYL CHLORIDE PRODUCTION	13
V	COMPONENT PROCESSES	25
	A. Vinyl Chloride by Acetylene Hydrochlorination	25
	Review of Processes	25
	Process Description--Concentrated Acetylene.	35
	Process Description--Dilute Acetylene-Ethylene Stream	36
	Process Unit Investment.	46
	B. Ethylene Dichloride by Ethylene Chlorination	50
	Review of Processes	50
	Process Description	57
	Process Discussion	59
	Process Unit Investment	65
	C. Vinyl Chloride by Ethylene Chlorination	69
	Review of Processes	69
	Process Description	76
	Process Discussion	78
	Process Unit Investment	78
	D. Vinyl Chloride by Ethylene Dichloride Pyrolysis	87
	Review of Processes	87
	Process Description	100

CONTENTS (Concluded)

	Process Discussion	101
	Process Unit Investment	108
E.	Ethylene Dichloride and Vinyl Chloride by Ethylene	
	Oxychlorination	110
	Review of Processes--Ethylene Dichloride	110
	Review of Processes--Vinyl Chloride	123
	Process Description--Ethylene Dichloride by Ethylene	
	Oxychlorination	125
	Process Discussion	127
	Process Unit Capital Investment	133
F.	Chlorination and Oxychlorination of Ethane	135
	Ethyl Chloride and Ethylene	135
	Dichloroethanes	136
	Vinyl Chloride	137
G.	Other Processes	141
	Chloropyrolysis	141
	Chlorine Transfer	142
H.	Vinyl Chloride Purification	144
	Discussion and Process and Process Description	144
	Process Unit Investment	153
VI	INTEGRATED PROCESSES	157
	Existing Processes	157
	Potential Processes	169
	Comparison of Cost Estimates	180
Appendix A	DESIGN AND COST BASES	185
Appendix B	PHYSICAL DATA	189
Appendix C	SPECIFICATIONS	191
Appendix D	MATERIALS OF CONSTRUCTION, HANDLING, SAFETY, AND	
	POLLUTION	193
Appendix E	REFERENCES	195

TABLES

Table 1	Vinyl Chloride by Acetylene Hydrochlorination-- Summary of Processes	27
Table 2	Vinyl Chloride by Acetylene Chlorination, Con- centrated Acetylene--Major Process Equipment and Utilities Summary	37
Table 3	Vinyl Chloride by Acetylene Hydrochlorination, Concentrated Acetylene--Stream Flows	39
Table 4	Vinyl Chloride by Acetylene Hydrochlorination, Dilute Acetylene-Ethylene--Major Process Equipment and Utilities Summary	41
Table 5	Vinyl Chloride by Acetylene Hydrochlorination, Dilute Acetylene-Ethylene--Stream Flows	43
Table 6	Vinyl Chloride by Acetylene Hydrochlorination, Concentrated Acetylene--Process Unit Investment	48
Table 7	Vinyl Chloride by Acetylene Hydrochlorination, Dilute Acetylene-Ethylene--Process Unit Investment	49
Table 8	Ethylene Dichloride by Ethylene Chlorination--Summary of Processes	51
Table 9	Ethylene Dichloride by Ethylene Chlorination--Major Process Equipment and Utilities Summary	60
Table 10	Ethylene Dichloride by Ethylene Chlorination--Stream Flows	63
